WHO ARE WE?

WE ARE SAINT VISAGE DENTAL GROUP

EUROPE'S LEADING IMPLANTOLOGISTS

Experts in transforming associates into successful and competent clinicians.

We focus on providing our dentists with concise education, unmatched support, and superior clinical training, all facilitated within a positive and healthy environment. We help our clinicians develop the skills and knowledge required to provide the highest quality treatments and patient care.

DR SAMIN USMAN

MANAGING DIRECTOR

"We take pride in being recognised as the elite dental group. We transform the lives of thousands of patients every year and our treatment and patient care starts with creating talented dentists. We ensure our clinicians are always focused on improving their knowledge, communication skills, ethical treatment planning and hands-on clinical procedures using the latest technology and techniques under the guidance of qualified and experienced mentors."

DR NASRULLAH KHAN

CLINICAL DIRECTOR

"We have worked with enough associates and specialists to see the quality required to become a high value clinician. We see the same attributes time and time again within the highest performing clinicians, and with the help of our academy and clinical teams, we have put together extensive training programs which focus on learning and developing the attributes and skills to join the 1% club."

MESSAGE FROM OUR DIRECTORS

WHAT MAKES US DIFFERENT?

The easiest way to answer this would be to just point at the numbers. We are Europe's Leading Implantologists. We are one of the fastest growing dental groups within the UK and unlike most dental groups; we are a family owned business led by dentists.

PHILOSOPHY:

We firmly believe in reinvesting what we earn back into our clinicians. We recognise that the rate of our growth is directly correlated to the rate and value of our team. This is why we put our associates first and invest a great amount of time, energy and resources into each person.

SUPPORT:

Providing unparalleled support and assistance wherever we can is a commitment we make to each person. Whether it's inside or outside the clinic, before or after working hours. Our continuous efforts ensure that our team has the support they need to surpass any competition.

ACADEMY:

Recently we launched our dental training academy which is dedicated to providing a platform for our clinicians to continuously increase their value, whether it's specialised training or basic restorative courses; we have everyone covered. We aim to equip our team with life-changing skills that will transform their work and enhance their career success.

WHY JOIN US?

LEARN FROM THE ELITE

By joining our group, you will have the unique opportunity to collaborate and work alongside some of the industry's most skilled clinicians and implantologists.

UNMATCHED MENTORSHIP

Mentors at Saint Visage Dental Group are carefully selected high-value clinicians, eager to share their expertise and knowledge. They serve as ideal role models for learning, particularly for dentists lacking real-world experience.

HIGHER EARNINGS

Clinicians working with us will earn significantly higher than those working within most other clinics. Through our facilitated mentorships, aspiring professionals can fast-track their journey towards becoming high-performing and high-earning dental professionals.

We currently offer three development programmes designed to provide our associates with the necessary skills and expertise required to excel in the clinical pathway they choose:

SAINT VISAGE DEVELOPMENT PROGRAMMES

ASSOCIATE DEVELOPMENT PROGRAMME:

This 2-year programme is tailored to equip associates with a strong foundation in general dentistry. Throughout the programme, we provide extensive training and mentorship to develop competency in various dental procedures. The primary objective of this programme is to help develop inexperienced associates into confident clinicians with a wide range of skills they can utilise to provide high-value treatments with confidence.

IMPLANT DEVELOPMENT PROGRAMME:

This 4-year programme is designed to provide associates with the most valued clinical skill as they begin their pathway to master the art of Implantology. This programme covers digital treatment planning, surgical placement of implants and more evasive surgical techniques. The primary objective is to transform an inexperienced associate into a successful clinician with a strong foundation in general dentistry and a special interest in Implants.

COSMETIC DEVELOPMENT PROGRAMME:

This 4-year cosmetic dental program focuses on arming associates with the special weapon of transforming smiles. You will learn to enhance your skills in smile makeovers and aesthetic procedures. With specialised training you will have the expertise to provide patients with new smiles. The primary objective is to transform an inexperienced associate into a successful clinician with a strong foundation in cosmetic dentistry and a special interest in bonding and/or veneers.

TESTIMONIALS

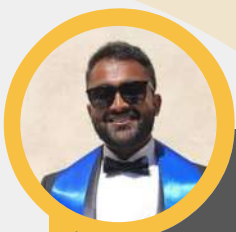

Dr Omar Manassefi ★★★★★
Implant Development Programme

"With the assistance of Saint Visage, I was able to overcome the difficulties which occur when graduating outside of the UK, registering with the GDC, and finding an incredible opportunity with a committed mentor. I am truly blessed for all their support and guidance which has been instrumental in helping me become the practitioner I aspire to be."

★★★★★ **Dr Ali Hosseini**
Associate Development Programme

To find a reliable company to guide and support you towards your goal is not easy and it is my honour to work with the Saint Visage Team. I truly appreciate and admire the outstanding work ethics and responsibility towards my case, and the time and effort the team has spent to find the best opportunities for me.

Dr Ritvik Agni ★★★★★
Associate Development Programme

"Saint Visage have been absolutely amazing throughout my whole journey. From guiding me with the paperwork to providing me an incredible opportunity close to where I live. If you need a helping hand to avoid all the pitfalls during the GDC application process and access to great career opportunities then give the amazing people at Saint Visage a call!"
